FEBU Revalidation 2026

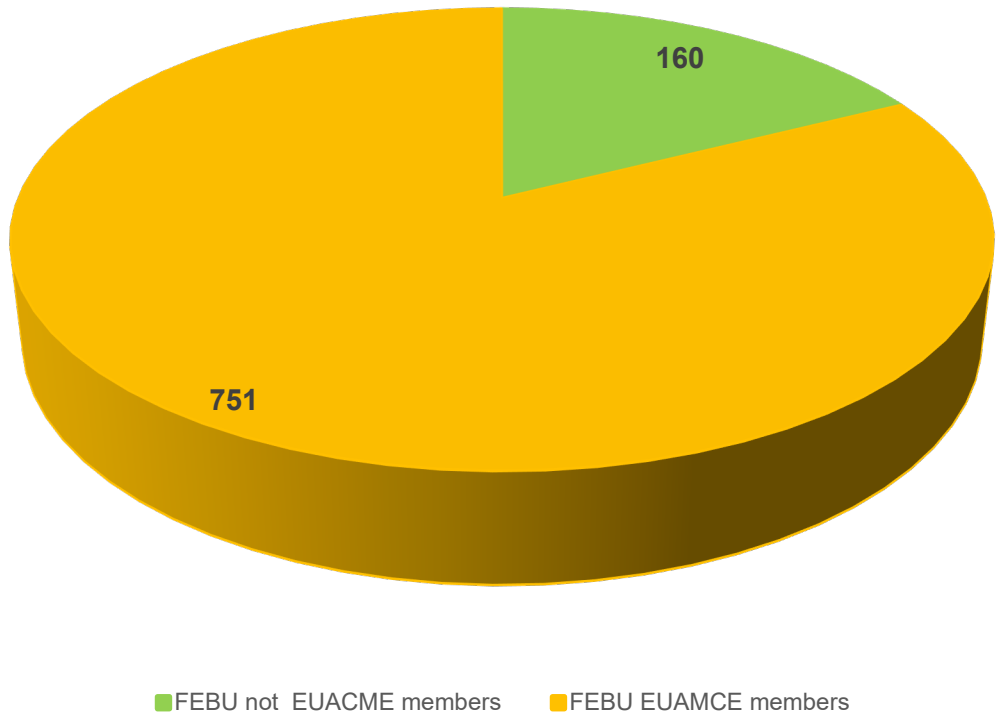

FEBU/FEBU International 2026 Outcomes

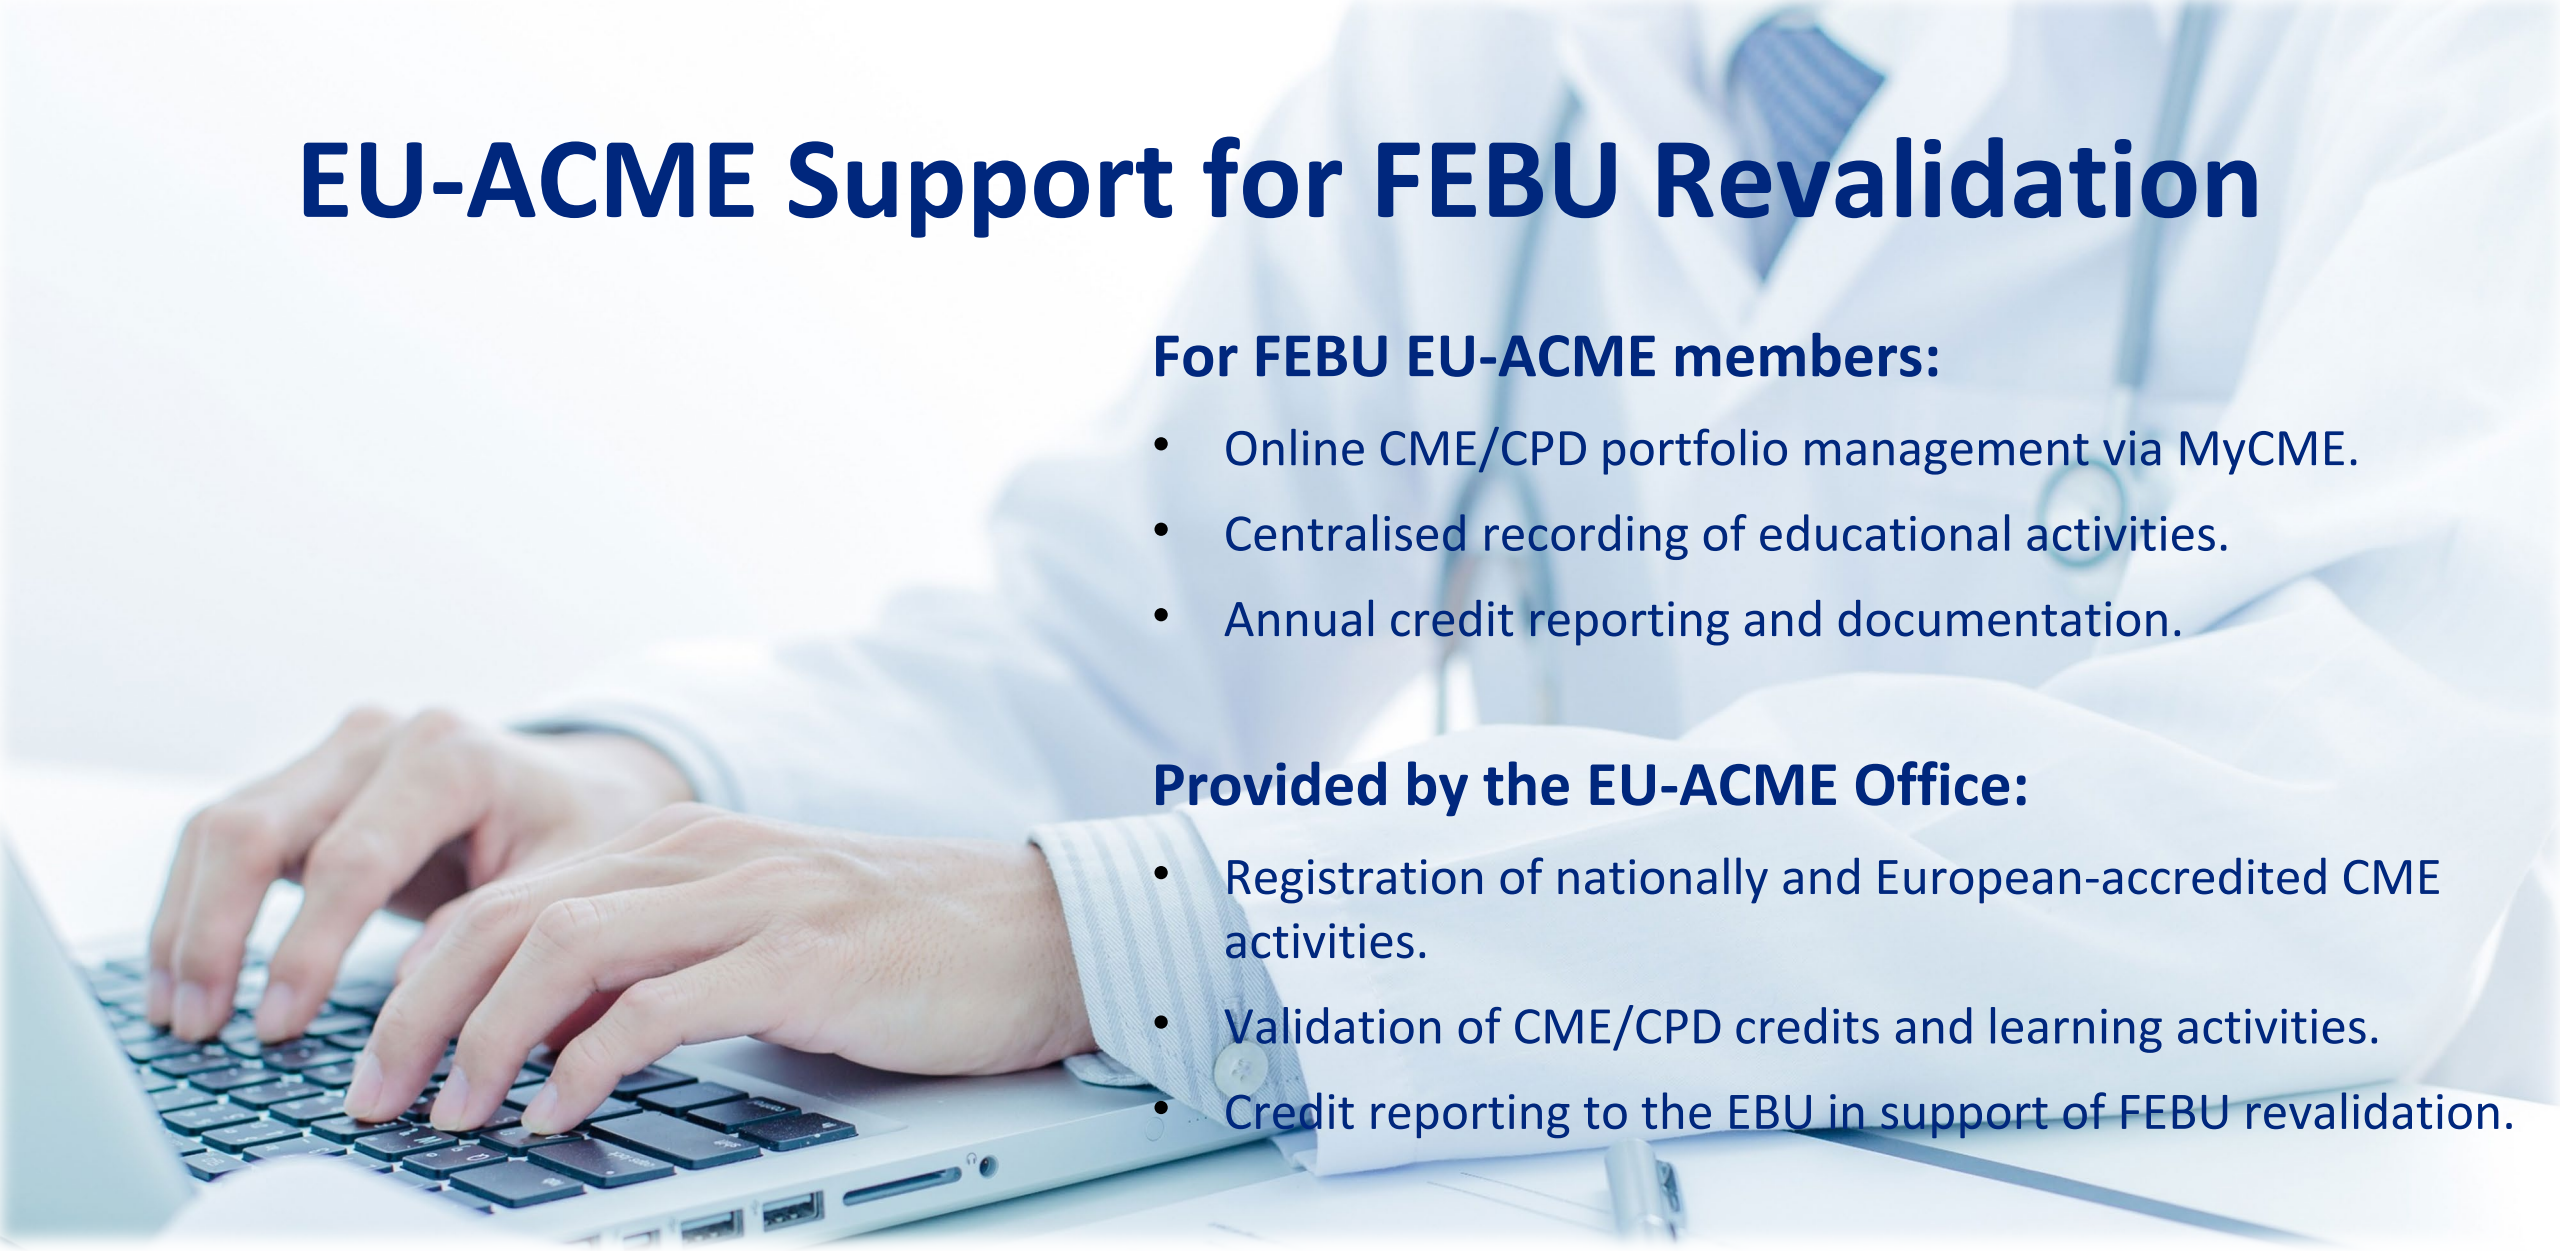

- **433** candidates successfully passed the FEBU/FEBU International Oral Examination.
- **283** candidates (65%) are EU-ACME members.
- Of these, **268** are EAU members, including **59** Junior Members, while **15** are non-EAU members.

A strong foundation for future FEBU revalidation

Of the **911** candidates who successfully passed the **FEBU** or **FEBU International Examination** in 2025-2026, **751** (**82%**) are already EU-ACME members, demonstrating strong alignment between specialist certification and continuous professional development.

EU-ACME Support for FEBU Revalidation

For FEBU EU-ACME members:

- Online CME/CPD portfolio management via MyCME.
- Centralised recording of educational activities.
- Annual credit reporting and documentation.

Provided by the EU-ACME Office:

- Registration of nationally and European-accredited CME activities.
- Validation of CME/CPD credits and learning activities.
- Credit reporting to the EBU in support of FEBU revalidation.

How National Society Can Help

- **Registering Nationally Accredited Events**: National societies can register their accredited events in the EU-ACME database to ensure wider recognition and participation.
- **Promoting EU-ACME Membership:** Encourage members to join EU-ACME to benefit from its educational resources and accreditation.
- **Feedback and Improvement:** Provide feedback on EU-ACME activities to help improve the quality and relevance of offerings.
- **Support for Revalidation:** Assist members in meeting revalidation requirements by providing necessary resources and guidance.
- **Advocacy:** Advocate for the importance of continuous professional development and accreditation within the urological community.

Register your accredited event

Help urologists collecting CME credits by registering your accredited CME event in the EU-ACME database.

All you need is a PC and internet access!

1 Log in to MyCME

Go to **mycme.eu-acme.org** and log in with your EU-ACME credentials.

2 Register event

Click on **Register accredited event.** Enter all requested information about your event.

3 Submit

Click **Submit.** An e-mail confirmation will be sent to the EU-ACME office.

"…CME credits are the 'staples' of staying in practice and keeping the office doors open."

Check In. Learn. Record.

MyCME's new **Check-in** feature enables healthcare professionals to instantly record attendance at eligible events, making CME/CPD tracking simpler, faster, and more reliable.

- New location-based event check-in in MyCME
- Faster and easier participation tracking
- Strengthens CME/CPD documentation
- Helps maintain compliant learning records
