CORPORATE NEWSLETTER | ISSUE 7 | September 2026

IN THE SPOTLIGHT: FEBU ORAL EXAM 2026

Leuven, BE

Thirty-two editions on, the FEBU Oral Exam continues to represent the highest standard of postgraduate assessment in European urology. While the venues, format and procedures have evolved over the years, one principle has never changed: maintaining a rigorous, fair and independent assessment of the knowledge, clinical competence and diagnostic reasoning expected of every future FEBU.
